

## How to find us

### Our address:

The Cooley Practice  
Harborough house  
1b London Road  
Oadby  
Leicester  
LE2 5DL

Harborough House is an old Victorian building directly opposite St Peter's Church on the main street through Oadby town centre. Our building says **Harborough House** on the front and sides in black writing and it's a few buildings up from the Fox Inn and Black Dog pubs. When you arrive, if you come around the side of the building (beside the garden area to the right of Harborough House), you will see two black doors (as pictured), please ring the buzzer in between these two doors.

### Arrival time

We have several appointment rooms at Harborough House but we don't currently have a dedicated indoor space for clients to wait prior to an appointment. We therefore kindly ask that you arrive and ring the buzzer at the time of your appointment.

### Parking

We do not have a carpark at Harborough House. However, there is free on-street parking on some of our neighbouring roads, such as Church street, which is the road alongside Harborough House, and New Street, which is just around the corner. Alternatively, Oadby has two pay and display carparks (East Street Car Park; LE2 5AF & Sandhurst Street Car Park; LE2 5AR), both within a 5-minute walk.

### Accessibility

Most of our appointment rooms are on the first floor of Harborough House, accessed via a staircase. If you require an appointment room on the ground floor, please let us know in advance of your appointment so that prior arrangements can be made.

**We look forward to welcoming you!**
